A native of Puerto Rico, where he first volunteered with the Red Cross. He has served in ISD in the Americas and south, and Southeast Asia. He is currently helping IFRC to implement the "Roadmap for MHPSS 2020-2023". Initiative in the Americas.

LARRA PROJECT

As part of the coordinated and joint work between the Salvadoran Red Cross and the American Red Cross, a meeting was held to present the Cash Voucher Assistance (CVA) Self-Assessment Tool by the Red Cross Movement.

Also, Salvadoran Red Cross, with support from the American Red Cross, continues with the delivery of Personal Protection Equipment (PPE) kits to the Departmental Civil Protection Commission of Ahuachapan, where the Latin American Risk Reduction Activities Project (LARRA) is being implemented. The authorities of Health, Education, Firemen, Police and Government were present.

EARTHQUAKE RESILIENCE PROGRAM

The Mexican Red Cross, through the Community Earthquake Resilience Program, within the PHAST activity, the implementer team is coordinating with community leaders and local authorities, for the installation of hand washing stations at key sites, such as bus stops and other points of movement of people.

COLLECTIVE IMPACT MODEL

Senior members of the Salvadoran Red Cross, the Regional Team of the ICRC and the American Red Cross held a meeting with the objective of looking for areas of joint work in the future, under the Collective Impact Model.

HUMANITARIAN PROJECT

The American Red Cross Delegation in Colombia visited the Friendly Line as part of the Humanitarian Project, which is being carried out in Colombia with the technical and financial support of USAID/BHA and the American Red Cross. Also, participated in the socialization by the management of the call center where health services are provided to the callers of the Friendly line.

In the same framework of the Humanitarian Project for Migration, as part of the Climate RED initiative the American Red Cross Regional Delegation for the Americas and the Caribbean, with the Colombian Red Cross, conducted the learning session "COVID-19: Urban Impact: Building Support and Leadership in Colombia", which was presented by community leaders who are part of the Venezuelan migrant population in Colombia.

Likewise, American Red Cross and the Colombian Red Cross were carrying out activities to deliver Personal Protection Equipment (PPE) for the Public Health Network of Cundinamarca, with the participation of the Secretary of Health, Mario Gaitan Yanguas and the Bosa Hospital, as part of the support for the prevention of COVID-19 in health professionals and migrant population attending the points of care in health. This was carried out with technical and financial support from AmRC and OFDA.
